Re: Changes to Schedule

Dear Parents/Guardians,

In light of the decrease in active cases of Covid-19 in Nova Scotia, specifically in the Eastern Zone, all schools under the Eskasoni School Board will be transitioning to a fuller in-person delivery model.

Starting on Monday, February 22nd, 2021, students in Groups A and B will be blending together to attend in-person classes Monday through Thursday. Friday will remain a day for learning-at-home and to allow staff time for preparation and support for all students, especially those students who are unable to attend in-person for medical reasons.

All previous guidelines and protocols, including lunch breaks and schedules will remain the same. Lunch breaks will continue to be taken in classrooms.

Please be patient over the coming weeks as we prepare each classroom for this transition into a fuller in-person model.

Temperature scans and screening protocols at entrances will remain in place. We ask that you continue to self-monitor for symptoms of Covid-19 and to take necessary precautions.

Please note, that adherence to a full-time mask policy will be required as social-distancing may not always be possible.
